

Raise credit with credit cards

The fast and easy way

- Fed up with not getting credit?
- Turned down for a small loan?
- Can't raise finance to get back on your feet?

There is a viable alternative...

We are talking about credit cards... not just your run-of-the-mill Barclaycard with a miserly limit of £500. We mean banks that you have probably never heard of which issue cards of up to £25,000!

Even if you have failed before, or have county court judgements, employed, self employed, poor credit history - **it makes no difference with "The Insiders Secrets To Credit Cards"**.

Follow the instructions in this manual and we will **guarantee** that you will be able to raise funds. Anything from £5,000 to £100,000 it is possible at 6% A.P.R. or less.

Credit cards are BIG business in this country.

There are over a 1,000 providers of credit cards in the UK. The companies providing them make money every time a credit card is used. The criteria for providing credit cards is very different to that used to providing loans. In fact you have a much better chance of obtaining credit card finance than a loan. The various credit card companies are fighting for your business. They want to lend you the money!

Look at the advantages of credit card borrowing

- Flexibility - repay at your own pace
- No arrangement fee
- Not repayable on demand
- Unsecured

We offer the solution to access to credit cards.

OK, so your credit rating is bad and you may have tried and failed to get credit or a credit card. With **The Insiders Secrets To Credit Cards** you can still get cards despite a poor credit rating or CCJs. Forget, the so called credit repair agencies - they are expensive. Our manual will tell you how it can be done: simply and hassle-free.

Maximising on scoring and profiling

Many companies that issue credit cards work on credit scoring and profiling. If you know the system - you can construct your application to gain the maximum number of points and obtain a card in circumstances where you would not normally have obtained one. It is stressed that we are not talking about falsifying applications or breaking the law! We legally making the most out of what is available to you using the our knowledge of the financial institution.

Apply for any card with ease

We provide you with access to the complete up to date list of credit card providers in the UK - including telephone numbers (most freephone). The list also includes interest rates, lists of any charges and conditions. There are many to choose from with new applicants receiving special introductory rates.

Acheiving your goals

Our no-nonsense manual takes you through a simple step-by-step approach to achieving your goal of obtaining credit cards. It is simple, straight-forward and packed with information - most of which your bank manager, solicitor or accountant wouldn't tell you - even if they knew!

Discover the secrets of obtaining as many credit cards as you like

We will show you a complete "Alternative Banking System"

You will be able to borrow money, write out cheques, receive cheques, pay in and withdraw cash, pay direct debits and standing orders without ever seeing a bank manager, and best of all save a small fortune, month after month and year after year.

We will show you how to obtain details of all credit cards issued in the UK together with current interest rates and special introductory rates plus how and where to apply for them.
